***Allowance***

***Continued Examination Under 37 CFR 1.114***

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on June 30, 2010 has been entered.

2. Claims 1, 3-6, 13-14, 17-21 are pending.

3. The RCE was filed after allowance with an IDS. The patents on the IDS have been considered.

4. Another IDS was filed July 1, 2010. The notice of allowance on the IDS has been considered.

***Reasons for Allowance***

5. Claims 82-83 are allowable over the prior art made of record.

6. The following is a statement of reasons for the indication of allowable subject matter:

The prior art made of record does not teach, make obvious, or suggest the claim limitations as of the date of invention in 1998. The claims use a tree structure of networked elements. It uses identifiers that have multiple components for the data and the device, which are updated with current locations of the devices. The key invention is that the child will ask for data and the single request will go up the tree until the location is found. That location is then returned to the child, which can then request the data from the location. The child does not ever need to make more than two requests to get the data no matter how much the data moves. Therefore, this combination of elements as described in the claim language is allowable over the prior art.

The dependent claims, being further limiting to the independent claims, definite and enabled by the Specification are also allowed.

7. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
